Dear Sir

Enclosed herewith are two casts of coins of Umbraeia, in the McClean Collection Nos. 5106 & 5117. I have been asked to forward these casts to you, at Mr O. Ravel's request to replace casts that were unfortunately broken. I hope that these reach you in a safe condition.

Yours faithfully

Dear Sir:

Your note of March 12th has been received together with the casts to which it refers. Thank you very much indeed.

I wrote recently asking Mr. Grose for a cast or wax impression of your McClean Collection, Plate CXLIV, 12. I suppose this will ultimately come to you and that I shall have you to thank further for it. I hope some day to be again privileged to visit Cambridge and that I may then be able to thank you in person.

Very truly yours,

Secretary

8th March 1929

Dear Sir,

I herewith enclose three casts of the decadrachms of Syracuse, which I send with the compliments of Dr A. H. Lloyd.

Some time ago I sent you some casts from Dr Lloyd, and he has asked me if these have reached you safely, as he has not had an acknowledgement.

I trust the enclosed will reach you in a safe condition

Yours very truly

H. T. Shrubbs

Dear Sir:

Your note of March 8, accompanying the three casts has come duly to hand.

Thank you for telling me that no acknowledgment of the Metapontum casts has been received by Dr. Lloyd. I thought that such an acknowledgment had surely been sent, but I cannot substantiate this now, and I am writing, asking him to accept my apologies.

Very truly yours,

Secretary
